

ATLAS

CONTRACTING GROUP

CAPABILITY STATEMENT

TACTICAL PRODUCTS | TRAINING | R&D SUPPORT

COMPANY OVERVIEW

Atlas Contracting Group LLC is an emerging government contractor focused on supplying mission-relevant tactical products and support services to federal customers. Atlas executes through disciplined sourcing, subcontracting, and strategic teaming with qualified manufacturers, distributors, trainers, and technical partners. Our long-term objective is to grow into a trusted prime contractor capable of coordinating complete product and service solutions.

CORE COMPETENCIES

- **Tactical Equipment & Supplies:** Sourcing and fulfillment of mission-specific equipment, field supplies, and accessories.
- **Protective & Duty Apparel:** Uniforms, tactical clothing, footwear, personal protective equipment, and related wearables.
- **Training Support:** Partner-delivered product familiarization, safety, operational, and equipment-use instruction.
- **Product Research & Development:** Requirements research, market analysis, product evaluation, prototype coordination, and vendor-supported development.
- **Procurement & Logistics:** Supplier identification, quote coordination, order administration, quality-document collection, and delivery tracking.

DELIVERY MODEL

Atlas serves as the accountable coordination point between the government customer and qualified industry partners. We assemble the right supplier, trainer, or technical team for each requirement while managing communication, documentation, schedule, and delivery.

DIFFERENTIATORS

- **Partner-Forward:** Built to support prime contractors, OEMs, distributors, and specialty service providers.
- **Brand-Neutral Sourcing:** Solutions selected around agency requirements, compatibility, lead time, and best value.
- **Scalable Execution:** Flexible teaming model supports single-item purchases, recurring supply needs, and integrated requirements.
- **Single-Point Coordination:** One channel for sourcing, partner management, documentation, status, and delivery.

PRODUCTS & SERVICES

- **Equipment:** Load carriage, packs, cases, lighting, communications accessories, field equipment, and mission support items.
- **Supplies:** Consumable field supplies, replacement components, maintenance items, and deployment support materials.
- **Clothing:** Duty uniforms, tactical apparel, outerwear, footwear, gloves, and protective garments.
- **Training:** Instructor-led and partner-supported equipment, safety, logistics, and operational training.
- **R&D Support:** Needs assessment, product comparison, testing coordination, technical research, and development-partner sourcing.
